## TIENTSIN IS TAKEN.

Allied Forces Enter the Place, but Not Without Heavy Loss.

### SOME HARD BATTLES

The Chinese Contested Bravely and Inflicted Severe Punishment on the Forces—American Casualties Two Hundred.

London, July 17.—European journals are indulging in great deal of wild talk, crediting the powers with having decided to lay Peking in ashes, remove the capital to Canton and hang the empress and Prince Tuan, but the writers fail to take into account the difficulties which would attend such undertakings. However, the chances of success fully recognize the magnitude of the task confronting the great powers. As a matter of fact the only thought for the moment of the powers is how best to reach Peking. Once there they can be depended upon, according to the best official information, to exact whatever penalty appears to be most striking and effective.

The news of the allied forces at Tien Tsin, though that success has been dearly bought, appears to clear the air somewhat. This victory over the Chinese, it is hoped, will enable the allies to resume for the advance, especially so as a Japanese force of 22,000 in all will be disembarked by Thursday.

The suggestions of scattering the forces through out China in pursuit of the boxers emanate wholly from irresponsible quarters. In official circles there is full realization of the necessity of having coast towns occupied and secure before proceeding to Peking. The only course open to the powers is to remain in the capital until fanaticism wears itself out and elements of orderly native government begins to emerge.

According to a Shanghai dispatch 100,000 Chinese troops armed with Mauser rifles and modern artillery are encamped at three points within 40 miles of Shanghai ready to besiege the town in the event of an attack by Europeans upon Woo Sung forts.

According to telegram from Che Foo 170 of the allied troops were killed in the assault upon the native city of Tien Tsin.

London, July 17.—The Shanghai correspondent of the Evening News telegraphing under date of July 17, the following: "The allied troops resumed an attack on the Chinese walled city of Tien Tsin on the morning of July 14, and succeeded in breaching the walls and capturing the forts. Chinese were completely routed and the allies took possession of the native city and its defenses.

The total losses of the allies in engagements Thursday, Friday and Saturday about 800 killed or wounded. Casualties greatest among Russians and Japanese.

The guns of the allies did immense damage to the native city, causing many large conflagrations and finally silenced a majority of the enemy's guns simultaneously. The 1500 Russians, assisted by small parties of Germans and French, assaulted and captured eight guns in position on the railway embankment and the fort, the magazine of which the French subsequently blew up.

A body of American, British, Japanese and Austrian troops then made a sortie and attacked the west arsenal, which the Chinese had reoccupied. After three hours' of the hardest fighting yet experienced the Chinese fled.

When the arsenal had been evacuated by the Chinese the American, French, Japanese and Welsh fusiliers advanced towards the native city and joined with the other attacking forces. The Japanese infantry and mounted battery advanced to the foot of the wall, supported by Americans and French. Despite the valiant attack the allies were only able to hold positions gained outside the walls preparatory to renewing the assault in the morning. Casualties sustained by allies were exceedingly heavy, especially among the Americans, French and Japanese.

The Chinese appear to have exhausted their supply of smokeless powder, as they are now using black powder.

### AMERICAN CASUALTIES.

Admiral Remy Gives a Partial List of Killed and Wounded.

Washington, July 17.—Admiral Remy cabled the navy department that the city and forts of Tien Tsin are in the hands of the allied forces. His list of killed and wounded are somewhat fuller than Monday's report, but still not entirely complete. The dispatch is as follows:

"Che Foo, July 17.—Today we hope to get the wounded from Tien Tsin either in hospitals at Taku or aboard the Solace. Communications are very uncertain. The following casualties are apparently confirmed: Marines—Capt. Davis, killed; Captain Lemley, Lieutenants Butler and Leonard, wounded. Army—Colonel Liscum, killed; Majors Reagan

and Lee, Captains Noyes, Brewster and Bookmiller, Lieutenants Naylor, Lawton, Hammond and Waldron wounded. Total killed and wounded reported at 774 Russians and Japanese lost heavily. Our total loss reported at 213, about 40 marines, but the number is believed to be exaggerated. Have an officer on shore especially to get authentic number of names which will be promptly telegraphed. City and forts now in the hands of the allies. Admiral Seymour has returned to his fleet. The commanding officer ashore at Tien Tsin was Admiral Alexieff."

This bulletin was received at the navy department early this morning and was copied for distribution. Before it was given out it was decided to make some change in the copy, the nature of which was not disclosed and the above copy finally given to the public.

The whole Chinese situation materially brightened upon the receipt of Admiral Remy's cable of the capture of Tien Tsin by the allies. The Associated Press dispatch showing this was a native walled city swept away all doubt in the official minds as to the importance of the victory. The hostile Chinese have been driven out of the shelter of the city into the open plains and the allied forces have quadrupled its efficiency in combat by placing the Chinese in this position. It is not doubted a forward movement on Peking will begin as soon as the cavalry contingent arrives from Japan which should be within a day or two.

### EIGHTY THOUSAND.

That Is the Number Needed to Reach the Capital of China.

Washington, July 17.—Sixty-thousand men for the march to Peking, and 20,000 men to keep open the lines of communication, and if necessary, to defend the bases of operation at Tien Tsin and at Taku, is the estimate of the number of international troops that will be required in the Chinese campaign. Upon the basis of these figures, which it was said are to be furnished by the commanders in China, the government will furnish between 10,000 and 12,000 soldiers. This number is thought by the officials to be all that will be needed. Indeed, it is more than was estimated should be our share, as this was stated to be about an even 10,000. The recent arrival at home of a battalion of infantry regiment at San Francisco, has given an opportunity to the war department to utilize several batteries of artillery now on the coast for the China service, their places to be filled for the time by men of the home coming regiment. The orders also contemplate the sending of a siege battery or artillery now at Fort Riley, Kas., for Chinese service.

### Foreigners Safe on July 9.

Washington, July 17.—The Chinese minister has received a dispatch from the Chinese minister at London, authenticated by Shang, the imperial inspector of posts and telegraphs at Shanghai, and by two viceroys, declaring that the foreigners in Peking were safe on July 9, and were receiving the protection of the government. This is two days after the reported massacre. Minister Wu has laid the matter before Secretary Hay.

### Another Favorable Report.

London, July 17.—William Pritchard Morgan, a member of parliament, has received by cable news which brings positive assurances from a source upon which he relies, that the British legation at Peking was still standing on July 9, and also that Li Hung Chang has left Canton to take supreme command at Peking.

### Offers His Services.

Chicago, July 17.—Dr. Nicholas Senn, who served as a volunteer medical officer during the war with Spain, has again offered the United States government his services, this time to go to China to care for the American soldiers who may be wounded.

As a volunteer in the Spanish-American war Dr. Senn went to Cuba and was at the head of the army medical forces in the field. Dr. Senn is now somewhere in Texas.

### Boxers Destroy a Mission.

Washington, July 17.—Secretary of State Hay received a dispatch from Mr. Allen, the American minister in Corea, saying the boxers on July 14 destroyed a Catholic mission 3 miles from the Corean boundary and 50 miles from the American mines.

### President at Washington.

Washington, July 17.—The president arrived at Washington at 1:40 o'clock this afternoon from Canton. He was met at the depot by Secretary Root and Adjutant General Corbin.

### Preparing to Depart.

San Francisco, July 17.—Ho Yow, the imperial consul general of the Chinese empire is officially preparing to receive passports for himself and attaches. In an interview he said: "I understand Minister Wu at Washington is ready to leave at any time. I have not yet received definite orders from him."

They are used almost altogether in the confectionery trade.

## A FATAL CLOUDBURST

It Is Known That Fifteen Lives  
Were Lost in Coleman.

## RESCUERS AT WORK.

Ten Bodies Have Been Recovered and  
Search Is Still Going on—Two  
Rescuers Lose Their Lives  
Saving the Children.

Coleman, July 17.—This place is in  
gloom over the disastrous cloudburst.  
The exact number of lives lost may never  
be known.

A little after 8 o'clock yesterday morn-  
ing a tremendous wave was seen coming  
down Hoards creek. Before any one  
could realize the impending disaster the  
whole valley was filled with water and  
the creek was nearly a mile wide.

A number of residences and camps  
were washed away and many lives were  
lost. It is known that 15 people were  
drowned, among them John Euleis-  
tine and J. O. Spath. Spath and Euleis-  
tine were engaged in rescuing four little girls,  
each having two on his horse when all  
were washed away.

Mr. Spath was one of the leading  
citizens of this place.

Ten bodies have been recovered and  
search is being made for others.

It is not known how many lives have  
been lost along the course of the creek,  
and the worst is feared.

The damage to crops has been great,  
but the loss of life overshadows every-  
thing else.

### Twenty-five Reported Missing.

Fort Worth, July 17.—From reports  
received here the condition of Coleman  
county is very serious. Twenty-five  
persons are reported missing and 10  
bodies have been recovered, but no  
names can be learned.

A party of campers, including society  
people of Dallas and Fort Worth, were  
in that vicinity and fears were enter-  
tained for them, but telegrams received  
here say they are safe.

The Santa Fe railroad lost 11 bridges  
and four miles of track west of Coleman  
Junction.

### DOUBLE HEADER WRECKED.

One Trainman Killed, Several Injured  
and Damage to Train Great.

Meridian, Tex., July 17.—Sunday  
night a serious wreck occurred near the  
depot in this place on the Gulf, Color-  
ado and Santa Fe railway. A south-  
bound freight train had sidetracked for  
the northbound local and was standing  
near the south end of the switch. The  
northbound train, which was a double-  
header, came in at good speed and  
jumped the track at or near the south  
end of the switch and ran into the train  
standing on the sidetrack and in a mo-  
ment's time three engines, two heavy  
trains, cattle, watermelons and human  
beings lay in one heap on the track.  
Two cars of cattle and three cars of  
watermelons and a great deal of other  
goods were entirely lost.

A. Fisk was taken from under the en-  
gines, dead. He was a fireman on one  
of the trains and had headquarters at  
Cleburne.

Engineer W. H. Bassinger and Fire-  
man Frank Brooks, both employees of  
the Santa Fe road, were dangerously in-  
jured. They were immediately sent to  
the hospital at Temple.

T. French, a fireman on one of the  
engines, was also injured, but not seri-  
ously.

### McGovern Won.

New York, July 17.—Once again a  
fighter pitted against a boxer has clearly  
demonstrated the superiority of the  
fighter. In the presence of 14,000 per-  
sons in Madison Square Garden, Terry  
McGovern of Brooklyn defeated Frank  
Erne of Buffalo, the lightweight cham-  
pion of the world. It was a hurricane  
fight from bell to bell, without a sec-  
ond's lull, except when one of the con-  
testants was lying on the floor of the  
ring.

### Excessive Heat.

New York, July 17.—The oppressive  
heat of Monday prostrated 20 persons.  
The temperature was over 100 in the  
sun from 11 o'clock in the morning until  
after 4 o'clock in the afternoon and ther-  
mometers not in the sun registered over  
100 in some places. A great many stores  
and business houses, which do not  
usually close until 7 o'clock, were closed  
at 3 or 3:30 in the afternoon.

### Three Deaths in Chicago.

Chicago, July 17.—The heat Monday  
caused three deaths. The dead, J. A.  
Murray, William Hynes and Robert  
Mitchell.

### Guilty of Embezzlement.

Chicago, July 17.—Former Banker  
William A. Paulsen, president of the  
Central Trust Savings bank, which  
failed in 1896, was found guilty of em-  
bezzlement and receiving a deposit in  
his bank after it had become insolvent.  
The jury recommended that Paulsen be  
made to pay a fine and be sentenced to  
the penitentiary.

## THE POWERS CASE.

Finley Anderson Gives Some Damaging  
Testimony Against Accused.

Georgetown, Ky., July 17.—Finley  
Anderson, who was in the witness box  
testifying in the Powers case when court  
adjourned Monday resumed testimony  
this morning. In the course of his  
testimony the witness said on Jan. 24  
Caleb Powers told him a crowd of moun-  
taineers which were being organized,  
were going to Frankfort to intimidate  
the legislature and if necessary kill  
enough Democrats to give the Republi-  
cans a majority. He said: "Powers  
told me that Goebel would never live to  
be governor, and said he (Powers) would  
kill him if nobody else would." The  
conversation to which the witness re-  
ferred was on the day preceding to the  
advent of 1200 mountaineers upon Frank-  
fort. The witness said he heard Powers  
and others talking about Goebel wear-  
ing a coat of mail, but some of them said  
he could be killed anyway. He said  
Powers was in conference with ex-Sec-  
retary of State Charles Finley, Wharton  
Golden, Robert Noakes and others.

The defendant did not lose composure  
during the damaging testimony against  
him except for a moment when his face  
showed signs of agitation.

Judge Tinsley conducted the cross ex-  
amination and extracted from the wit-  
ness the fact that he had called on Col.  
T. O. Campbell in Cincinnati. The  
witness became badly confused and  
could not recall who took him to Colonel  
Campbell, though he claimed several  
people were with him at the time. He  
denied that either Justus or Arthur  
Goebel assisted him in getting em-  
ployment in Cincinnati and denied his  
trip to Cincinnati was for the purpose of  
becoming a witness in the Powers case.

## THE JAPS WHIPPED.

Hand to Hand Battle With Chinese Over  
a Dispute About War.

Chicago, July 17.—A special to The  
Record from Vancouver, B. C., says:

A desperate fight took place last night  
at the fishing town of Stevenson, on the  
Fraser river, between 300 Japanese and  
Chinese. There is a big fishermen's  
strike on at Stevenson, involving 5000  
Japanese and white men and 3000 Chi-  
nese, and the Japanese and Chinese  
were idle.

A street row between a Japanese and  
Chinaman occurred over a dispute as to  
whether or not a Japanese army of  
10,000 men could whip a Chinese army  
of 100,000 in the recent war in China.  
The Japanese cut off a Chinaman's cue  
to emphasize his argument and in five  
minutes 300 Japanese were engaged in a  
hand to hand fight with 500 Chinamen.  
The small posse of police was powerless  
to interfere and thousands of white fish-  
ermen watched the fun. In 20 minutes  
the Japanese had broken so many Chi-  
nese noses and cut off so many cues that  
the Chinamen fled.

### Indians Strongly Intrenched.

Oaxaca, Mex., July 17.—The ineffec-  
tual attempts that have been made by  
the governments troops to obtain an en-  
trance to Olan Santa Cruz, which is oc-  
cupied by the Maya Indians as their  
principal stronghold, has caused Gen-  
eral Bravo to decide upon another plan  
for reaching the heart of the rebel coun-  
try. He will send a flotilla of several  
gunboats and transports up the Hondo  
river and about 2000 soldiers, and the  
Mayas will be attacked from the Belize  
border. The Indians have thrown out a  
strong line of defenses on the whole  
northern boundary of their country.  
Their forces of armed men are much  
larger than was originally supposed and  
they are strongly entrenched.

### Arkansas and Louisiana Extension.

Texarkana, Ark., July 17.—The Ar-  
kansas and Louisiana Railway company  
has just completed 10 miles of road,  
giving them about 150 miles of track. The  
company has also let contracts for the  
building of 50 miles of track. The road  
starts from Stamps, Ark., 30 miles north  
of Texarkana. Its southern terminal is  
in Louisiana. The officials of the road  
have completed many miles of the Ar-  
kansas and Louisiana during the present  
year, and will not stop until they reach  
Natchez, Miss. This road was formerly  
used as a log road by the Bodcaw Lum-  
ber company at Stamps.

### A Test Case.

Santa Fe, July 17.—District Attorney  
R. C. Gortner has filed a test case in the  
district court for Taos county against  
the Rio Grande Railway company for  
certain tax levies, declined by said com-  
pany, amounting to \$1222.18, and pen-  
alties, being the amount asked against the  
railway company for interest on Taos  
county bonds and on account of the  
judgement fund, both of which levies  
the company objects to.

### Both Sides Make Concessions.

Houston, July 17.—The strike of the  
operators of the Southwestern Telegraph  
and Telephone Company, which has  
been on several days, has been settled.  
The strikers will all return to work with-  
out prejudice and no objection will be  
raised as to their joining the union. The  
company reserves the right to employ  
nonunion people, also to retain all the  
present employees.

### Not Relieved of the Tax.

Washington, July 17.—In a decision  
announced by the interior department  
holds that the Curtis act does not relieve  
noncitizens purchasing town lots within  
the Indian Nations in the Indian Terri-  
tory from paying the permit tax or li-  
cense fee imposed by the tribal authori-  
ties.

### Pleaded Guilty to Slander.

Hillsboro, Tex., July 17.—Robert John-  
son pleaded guilty to slander in the  
county court here and was fined \$125  
and given 30 days in jail.

Rev. D. Y. Bagby of Navasota requests the Eagle to announce that the South Texas missionary rally will be held at the First Baptist church in Navasota, opening July 25 and continuing four days including Sunday. The Navasota Examiner says the meeting promises to be a gathering of some of the brainiest men in the Baptist denomination in Texas and cannot fail to be of vast benefit to all those people who take advantage of the opportunity and attend. It will be a great intellectual and religious treat. The program is lengthy and the subjects well chosen. "The Pastor's Relation to Missions" is assigned to Dr. A. M. Simms of Bryan for the Friday afternoon session.

Ed S. Derden has accepted a place with Burt Norwood in the shoe department where he will be glad to see his friends and the public.

The oil mill gin machinery was put in motion yesterday and ran like a watch.

Miss Kate Harris of Rusk is the guest of her sister, Mrs. W. T. James.

Attend the nightly services at the Baptist church.

### A "Souless Corporation's" Gail.

"We found the other day," says a Boston hotel clerk, "that there was a company doing business here in the city, consisting of five men, who had made their headquarters in our billiard room for eighteen months. All their mail was delivered there. They sent out all of their mail from there. And never a cent of revenue to us. I call that the most expensive gall up to date. And when we discovered the thing and told them to get out, they unanimously agreed to hurt the hotel all they could by reports. Not even gratitude for what they had received."

### KENTUCKY POLITICS.

State Conventions to Nominate a Candidate for Governor.

Louisville, July 17.—The Republican state convention which will be called to order at 2 o'clock this afternoon expects to nominate John W. Yerkes of Danville for governor, finish its business in three hours and adjourn. The resolutions will deal vigorously with Kentucky political affairs and "civil liberty" will be the keynote. At the present time in Kentucky the Republicans mean by civil liberty opposition to the Goebel election law.

Candidates for no office except that of governor will be voted for in Kentucky this year, and the election for governor is an extraordinary one, the occasion for it arising from the death of Governor Goebel. As J. C. W. Beckham was elected lieutenant governor for four years, he will be lieutenant governor after the election even if a Republican is elected governor. This will hold true also if a Democrat is elected. He is a strong candidate for the Democratic nomination, and, as explained, is certain to be the next lieutenant governor unless he resigns the place.

Several lawyers declare there should be no election in Kentucky this year, but the fact that both Democrats and Republicans will hold conventions and nominate candidates shows that this view has not been accepted as a settlement of the question. The chief justice of the supreme court is charged with the duty of calling the election and there has been no intimation so far that Chief Justice Hazelrigg shares the opinions of the lawyers who think an election should not be held until the regular term of four years expired.

The Democratic convention will be held at Lexington Thursday.

### Beckham the Leading Candidate.

Lexington, July 17.—Governor Beckham will be the leading candidate for the gubernatorial nomination in the Democratic state convention, which meets here Thursday, with ex-Governor McCreary, Joseph H. Lewis, James D. Black, James P. Tarvin and others mentioned as dark horses. There are several contesting delegations, notably from Kenton and Campbell counties, and if all are decided in favor of the Beckham delegates the indications are the nomination of Beckham will be assured. There is no doubt there will be a contest over the proposed plank in the platform for an amendment of the Goebel election law and this promises to be a feature of the convention. Governor Beckham has never expressed himself on this amendment, but many of his supporters favor it. It will be an issue in the selection of temporary chairman and in the organization of the convention, especially in the makeup of the committee on resolutions.

### League of Republican Clubs.

St. Paul, July 17.—The National League of Republican clubs was called to order by President George Stone at 10:30 o'clock this morning in the auditorium. Secretary D. H. Scine read the call. Mayor Gregg made a short address of welcome. Governor Roosevelt was then introduced. He said: "As I have the honor of addressing you tonight, all I shall say now is that I am glad to see you here and thank you for having come, and I wish you all success in your efforts in the coming campaign. When I wish success to you I wish success to every principle that makes American citizenship worth having."

United States Senator Nelson of Minnesota then addressed the convention on the opening of the campaign.

### SEVEN PERSONS HURT.

Falling Wall Deals Disastrously With Firemen at Chicago.

Chicago, July 17.—Seven people were injured, one fatally, by falling walls in a fire caused by lightning last night at Michigan street and Dearborn avenue.

The fire started in a broom factory and spread rapidly. Suddenly the walls of the burning building collapsed, falling on an adjoining boardinghouse, 212 Michigan street, crushing in the roof.

The total damage amounts to nearly \$200,000. Henry Vehemeller & Co., proprietors of the broom factory, estimated their loss at \$150,000, and J. R. Dreyfus & Co., furriers, at \$30,000.

### Wichita Reservation Cleared.

Guthrie, O. T., July 17.—The Indian police sent out on July 10 to clear the Wichita mountains of prospectors and miners have returned and report that reservation clear. Almost all the miners had left previous to their arrival, and few remaining left willingly when notified, it being unnecessary to make arrests or confiscate any property.

### Receivership Denied.

Galveston, July 17.—Judge Cavin has handed down a decision denying the application for a receivership for the Gulf and Interstate railroad. The petitioners, Winnie and Featherstone, immediately filed suits directly for their claims.

### Murder at a Roadhouse.

Crawfordsville, Ind., July 17.—Howard Ellis was murdered here by James Osborn. The murder took place at Anable's roadhouse, Osborn striking Ellis in the head with a large faucet. Osborn eluded arrest.

### Earle Blodgett Dead.

New York, July 17.—The death of Earle Blodgett at Manila is announced. He was for years a merchant of that city, and was involved in many difficulties owing to Spanish hatred of Americans.

### Treaty With Germany.

Washington, July 17.—The president has issued a proclamation of reciprocity treaty with Germany.

## MORE TROOPS TO GO.

United States Will Send All Available Men to the Celestial Empire.

Washington, July 17.—The decision of the administration is that the United States government is still not at war with the government of China. The big happenings at Tien Tsin, coming on top of the stories of the last struggles at Peking, have not affected the attitude of the administration on this point, and the United States and China are technically at peace.

But this statement should not be accepted as indicating a purpose on the part of the United States government to withhold its hand from the administration of swift and adequate punishment upon the Chinese, without regard to station, who may be responsible for the outrages, for the past few weeks. It means simply that the government of the United States feels that it can best achieve that purpose by regarding the status officially as one of peace.

To hold otherwise would seriously cripple the government in its efforts to obtain satisfaction for the outrages the Americans in China have suffered. We should find the ports of China now open to us, closed, and all sorts of impediments would be encountered which, are now missing. Therefore, according to the administration view a declaration of war would afford not even a technical gain, while it would actually be a heavy drawback.

The principal question was how many troops could be spared to go to China, and the opinion was that somewhere between 5000 and 8000 men could be spared to the east from Cuba and the United States in addition to the troops already under orders.

A statement prepared by Adjutant General Corbin shows that there are now a grand total of 10,665 officers and men in China en route to China, en route to Nagasaki, or under orders for Nagasaki.

The question of transportation of the troops now on their orders for Nagasaki is one which is causing the war department considerable anxiety. A high official of the department said today that with the fleet of transports now available it would not be possible to land the last of the 10,000 troops at Nagasaki before the last of September or the first week in October.

The quartermaster general has increased the fleet of transport for the Philippines in China by the charter of transports Phyrre and Athenian.

The quartermaster's department has 400 mules en route to Seattle, which will make up a part of the cargo of the four animal transports just chartered. Two hundred mules are already afloat with the Sixth cavalry, but the mounts of the First and Fifth cavalry divisions are yet to be provided for.

Transportation in China is still an open question, owing to the lack of information possessed by the war department as to the roads. Two complete pack trains of 100 mules each already have been started for Nagasaki and doubtless will be of inestimable value to the forces, this being the only power there represented which makes use of pack trains.

### Three Cruisers Ready.

Philadelphia, July 17.—The cruisers Columbia, Minneapolis and Yankee have been got into readiness for immediate service. Steam is up and no one not connected with the ships is allowed on board. One thousand berths have been put into the Yankee. It is surmised the vessels are to be used in transporting troops, though the Columbia and Minneapolis have comparatively few accommodations for soldiers.

### May Be Major Wallace.

Washington, July 17.—It is stated at the war department that no such person as Captain Wilcox, who was reported wounded, is in the Ninth infantry. The officials here think it might be Major Wallace of the Ninth.

The officers of the United States marine corps mentioned in the foreign dispatch are probably Captain Austin R. Davis, recently at Manila, killed, and First Lieutenant Smedley D. Butler of the United States cruiser Newark and First Lieutenant Henry Leonard, recently on duty at Cavite, and also of the Newark, wounded.

### No Extra Session of Congress.

Cleveland, July 17.—Senator Hanna, when asked if he thought an extra session of congress would be called on account of the Chinese situation, said that while he did not know what action might be taken by the president, he did not believe that such a call would be issued.

### Fire in Houston.

Houston, July 17.—Early Monday morning smoke was seen coming out of the windows of the building occupied by Levy Bros. on Main street. Chemical engines Nos. 3 and 4 were on the spot promptly and streams were soon got through the second-story windows, both front and rear. The loss is probably over \$10,000 and may amount to \$15,000.

### Split in Colombian Government.

Kingston, Jamaica, July 17.—News has reached here of a serious split in the Colombian government. Certain ministers have taken a position antagonistic to their colleagues. The former have the confidence of the public and soldiery and should the split become more acute the rebels will be largely reinforced by government troops.

### Americans Win Out.

Paris, July 17.—Twenty-one championship contests in connection with the exposition have been decided during the last three days and Americans can boast of winning 16 and of securing 13 seconds and 12 thirds.
